

"This is the A.P.C. that relieves pain without upsetting your digestion.."

PROPAIN

is the only A.P.C. in

Australia containing SYNERGIN

POWDERS and TABLETS

Propain Synergised A.P.C. is available in both powder and tablet form. Powders are automatically folded into sterilised papers and packed in handy sized packets. The tablets come in hygienic plastic tubes. Two sizes are available in each. Buy the large sizes for economy. They contain more than double the quantity of the standard packs.

Sold only by Chemists

Buy your Propain where you see the Guild Chemist's sign.

No other pain-relieving preparation in Australia contains the new wonder ingredient Synergisin. That's why no other A.P.C. can give such amazing results as Propain. No matter how severe your headache, or other nerve pain, Propain will bring swift, certain and long-lasting relief... and you will have no unpleasant after-effects. The Synergisin in Propain, besides increasing the effectiveness of the other ingredients, positively prevents heartburn and other digestive upsets

frequently experienced after taking pain-relieving powders or tablets. Propain soothes jangled nerves... reduces undue temperatures and brings rest to the sleepless. Ask your chemist, he knows!

RELIEVES PAIN SWIFTLY

Propain... taken in powder or tablet form... is quick in action. Prove this statement for yourself. Next time you suffer from headache, toothache or any form of nerve pain, take Propain and see how quickly you recover.

TAKE PROPAIN FOR ★ Headache ★ Toothache ★ Earache ★ Periodic Pains
★ Feverishness ★ Neuralgia ★ Sore Throat ★ Rheumatic Pains

Propain is safe to take and harmless to the heart and stomach.
